

The Microcool Cassette Air Conditioner is one of the best ceiling AC in India. It offers uniform cooling even in the most irregular shaped rooms. It's installation is hassle-free since it requires no ducting. In addition to its decorative panel that is specially designed to blend into the ceiling, it comes with a compact structure and a host of features like the four-speed fan and **Hitachi Scroll Compressor***. With user-friendly design, easy installation and servicing, it is undoubtedly the best in its category.

Microcool Cassette Air-conditioners

Features of Microcool Cassette Air-conditioners

Washable/ Re-usable Filters

No more calling the service engineer every now and then. Just wash the filters with normal water and make sure your air-conditioner works at maximum efficiency all the time.

Even Flow

The unique 4-way air distribution system ensures uniform cooling across the room.

Self Diagnostic

Your air-conditioner works in tandem with you to make sure it works the best it can, all the time. Its self diagnostic mechanism indicates when something needs remedial measures.

Sleep and Timer Control

Sleep control switches off and timer control turns on the AC at a pre-determined time. Giving you the power to control your air-conditioner even when you're away.

Flexi Air Control

You can choose from 4 different speed levels for the fan: High, Medium, Low and Auto. This makes sure you're just as cool as you want to be.

Louver Swinging

You can manually adjust the louver to the desired angle. So, it's as cool as you want, wherever you want.

Anti-freezing Device

Automatically prevents frosting and ensures efficient functioning of the air-conditioner for long periods.
